

AIRCRAFT FUELING REELS

ELECTRIC MOTOR REWIND

1 1/2" TO 4" HOSE
WITH ELECTRIC MOTOR

Standard Equipment

- Up to 500 psi
- Explosion proof motors
- Ball bearings both sides
- Extra heavy duty on reels for 3" hose
- Aluminum flow path

American Reels highly engineered Aircraft Refueling Hose Reel, is designed to provide efficient and safe fuel transfer for aviation applications.

Constructed with premium materials, our hose reel is built to withstand even the most demanding environments, ensuring reliable and long-lasting performance. The reel is powder-coated for extra protection against corrosion, making it suitable for outdoor use.

Equipped with an electric motor, our hose reel ensures a smooth and controlled retraction of the hose, preventing tangling and kinking of the hose.

Our Aircraft Refueling Hose Reel is compatible with a wide range of fuel types and can be used for various applications, including aircraft refueling, fuel transfer, and fuel dispensing.
