

BALANCE CABLE REELS

CABLE REEL

FOR TOOLS, CONTROL BOXES, ETC.

Standard Equipment

- Positive lock & unlock ratchet (non-sparking)
- Heavy-duty construction
- Replaceable cable guide

American Reels balance cable reels feature a drum mounted on a spindle supported by bearings, with a spring mechanism providing tension to the cable. This allows for smooth and easy retraction, while also keeping your cable organized and free from tangles, kinks, and other damage.

Our cable reels are designed to prevent accidents by reducing the risk of tripping or entanglement, while also providing a clean and clutter-free work area. They are available in a variety of sizes and configurations to meet the needs of your specific application and can be customized to fit your unique requirements.

Balance cable reels are commonly used in a wide range of industries, including manufacturing, construction and mining. Our reels come in a variety of sizes and configurations, depending on the specific application, and can be customized to meet the needs of individual users.
